

Have You Met Our Champion, JaKiah Collins?

A month into preschool, 4 years old, JaKiah Collins received diagnosis of kidney cancer by her doctor. JaKiah underwent months of chemotherapy, radiation therapy and surgery.

With the help of CMN, JaKiah enters into her fifth year of being cancer free! CMN donations helped pay for the hematology and oncology clinic wing that JaKiah received her treatments. They also provided funds towards the hospital's healing garden where she spent days recovering.

By purchasing the Celebration Miracle Set, you can be a part of helping children like JaKiah!
